1363 JOHNSTON ROAD

WHITE ROCK

A rare opportunity to build a luxury boutique development in the heart of downtown White Rock. This exclusive 'view project' features 8 spacious 2-bedroom condos, 2 stunning 3-bedroom penthouse suites, and 1 premium commercial retail unit (CRU). All the heavy lifting is done—3rd reading approved, development permit applied for, and full engineering drawings completed. Positioned steps from the beach, shops, and restaurants, this is truly a gem in one of the Lower Mainland's most desirable coastal communities.
